

# CBRNe<sup>14th</sup>

## PROTECTION SYMPOSIUM

SCIENCE FOR SAFETY & SECURITY

September 20th-22nd 2022. Malmö, Sweden

[cbrnesymposium.se](http://cbrnesymposium.se)

## Welcome to the 14th CBRNe Protection Symposium and the Exhibition of CBRNe Protection Equipment

The 14th CBRNe Protection Symposium will once again take place in Malmö, a beautiful city in the southern part of Sweden. The scientific program will include keynote lectures by distinguished speakers and three parallel thematic sessions throughout the symposium with presentations. In the connected exhibition, industry and institutes will display their latest products and research in an encouraging environment where participants can make themselves acquainted with commercially available state-of-the-art equipment related to CBRNe protection.

The Symposium is intended for engaged professionals within the CBRNe-protection field and all participants are encouraged to take the opportunity to contribute to the symposium through sharing of new results and conversations that can lead to fruitful meetings. Abstract submission will be open January 15th – March 31st.

### Example of sessions are:

- Emerging threats and risks
- Detection, Identification and Monitoring
- Forensic analysis of CBRNe events
- Physical protection
- Decontamination
- Medical management
- History of CBRNe events
- Hazard management
- Health risk assessment
- Operational training & case studies
- Commercial developing technologies
